CITY OF CINCINNATI- Pot Hole Alert

Operational Status:

\* Crews were out in force today to repair potholes identified on City Streets and will continue this effort in the days and weeks to come.

\* While City employees identify a large number of potholes, our Citizens have proven to be very helpful in identifying and reporting potholes found on our City streets.

## Reporting Potholes:

- \* The best way to ensure that a pothole gets repaired in a timely manner in the City of Cincinnati is to call our customer service line and report them.
- \* Our customer service Center is staffed Monday through Friday from 7:00AM - 7:00PM. The number is 591-6000.
- \* Descriptive information helps crews identify and respond quickly to requests for service:
  - \* How deep and how wide?
  - \* Is it near the northbound curb lane, or the middle of the road?
  - \* What is the nearest intersection or street address?
  - \* Is this pothole creating a hazardous situation?
